

If you are ill with flu-like symptoms, please call to re-schedule your eye appointment.

If you were or someone you have come in close contact with was exposed to the COVID-19 virus, or you have traveled to a high-risk area for the COVID-19 outbreak, please postpone your appointment. We are happy to reschedule this appointment.

Currently our office remains open. Your health is important to us. We already practice the highest infection control measures put in place by the Centers for Disease Control. We are taking extra precautions to ensure your safety.

Please use the hand sanitizer prior to and following your appointment.

We continue to closely monitor and receive guidance from the Centers for Disease Control and Prevention (CDC), the World Health Organization (WHO), the American Optometric Association (AOA), and MN Department of Health (MDH). As this situation changes, we will make the necessary adjustments, and keep you informed.

We thank you for your patience, cooperation and understanding during this time.

Dr. Gareth Hataye
